Radroad Companies, and the public, to examine its Architects and Builders Should not fail to examine this Roolling, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is im-pervious to water, clastic, and flexible. To all persons afflicted with Gravel.

Mr. J. F. Cowan:—Dear sir:—I hereby certify that in
the summer of the year 1853, a servant of mane, a boy
about 19 years of age, who had always before this time
been stout and of a vigorous constitution, was attacked
with gravel. A Physician was called who attended on
him for several months, during which time be grew
worse daily, until he was helpless, and I believe would
have died in a few days had it not been for a friend,
who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave, him relief. who advised the use of Cowan's Lithontriptic. I pro-cured a few bottles, the first of which gave him relief, and in a short time he was able to walk about, and finally fully recovered, since which time he has had no symptome of said disease, and to all appearance is as healthy as any servant on my plantation. I there-

fore recommend it to all persons suffering under a like disease, as one of the most certain remedies known. Given under my hand this August 22d, 1857.
DANIEL SHELTON. Jackson, Tenn., August 22, 1857.
The above case was perfectly cured by 13 bottles of

the Lithentriptic, and was one of the worst cases of Gravel that has ever been in this country. Let every female who expects to become a mother Mr. J. F. Cowas-Dear sir :- You will do me the kindness to publish under my certificate the following note, that the suffering community may be benefitted. I have given birth to nine children, and my life being miraculously saved (as I consider) by your medicine I cannot in justice to you and the public withhold my testimes to the consider. I cannot in justice to you and the public withhold my testimony to its many virtues.

I used your Lithoutriptic in small portions perhaps once a day, for five months, which dispelled entirely the flatulent sickness of the stomach and heart-burn which had annoyed me, to an alarming extent in all my former pregnancies. When I was confined I took about two wine glasses full of the same medicine, which gave me an easier delivery by a great deal than I ever had before. Nor is this all, I have seen it tried in one case, and heard from a respectable source in another case, that your Lithontriptic was tried in, and the Midwife with others in attendance were theroughly convinced that the pain of attendance were thoroughly convinced that the pain of the delivery was very much lessened by its use. I it has a marked tendency to relax the system, consequently the pain of labor is much diminished; and further my Physicians and Midwife both said that I had dropsy of the Womb, and I now enjoy better health than I have done in ten years, and I believe the dis-

sase is entirely removed.

Sir, I do this that the aufferings of very many of my sex may be alleviated if they can only overcome their prejudices so much as to try the Lithentriptic. If any person wishes to know my opinions further upon this ubject, they can address me at Yorkville, Tenn. I was present and heard Mr. Snow ackno facts contained in the above cortificate. I have been acquainted with Mr. and Mrs. Snow for many years, and have reason to believe the truth of their certificate.
